Cyber Essentials Plus

The Cyber Essentials certification is a good first step, but there is no independent verification. Cyber Essentials Plus involves us checking that you are aligned with all the important security controls. We always recommend that you undergo a Cyber Essentials Plus 'Pre-Assessment' first, so that any security gaps can be identified and then remediated, ensuring a pass when it comes to the actual Plus assessment itself.

The Cyber Essentials Plus process is completely streamlined, so you can have peace of mind that you're in expert hands, and assessments are fully remote (including homeworkers) thanks to our proprietary technology.

ASSESSMENT OPTIONS

Cyber Essentials Plus (Pass/Fail) | from £1199.99
Get certified to the Cyber Essentials Plus standard with help from our specially qualified auditors. If you choose to go straight ahead with assessment, there will be a single opportunity for a pass or fail result, which could lead to re-certification costs.

Cyber Essentials Plus with Pre-Assessment | from £1949.99
Assure a first-time pass with our pre-assessment vulnerability analysis. Our experts will work with you and offer remediation advice so that all issues are eradicted before final assessment for Cyber Essentials Plus.

Cyber Essentials Plus Status Check | from £499.99
A one-off check of your Cyber Essentials status which can be undertaken at any point during the 12-month validity of your certification. A representative sample will be tested to check your alignment with the standard,
